

Be a Coach!!!

Thought about being a soccer coach but have said:

“I don’t know how to play soccer!”

Guess What?

You don’t have to be a soccer player to be a coach!

You just have to want to spend more time with your kids!!

- A typical PAL head soccer coach spends between 2 and 4 hours a week on soccer, teaching the basic drills, learning team play and organizing game day.
- We at PAL teach you how.
 - You’ll participate in one 3 hour clinic* where you’ll learn the rules of the game and the league organization.
- Willow Glen District will provide you with the tools and support you need to get started.
- Ask us for an Adult Volunteer Registration form today

* All coaches are required to be finger printed and clear a background check.
